a. Where do your dogs/cats stay? Inside Outside Both

Animals must be in good health to receive vaccinations. Pets with health concerns may not be vaccinated and should be seen by a full-service veterinary clinic. A small percentage of puppies may have an allergic reaction to the 5-in-1 vaccine; please advise the veterinarian if your pet previously has had an allergic reaction, symptoms of which may include facial swelling, swollen ears/muzzle/eyelids, or rubbing of the face.

**Each dog 3 months of age and older that has not been spayed/neutered will incur a \$10 office fee, which may be credited toward the cost of surgery at the time of spay/neuter at our clinic.**
