

**Title:** Cage and Kennel Cleaner

**Profile:** Every Monday through Thursday, our clinic performs anywhere from 60-75 spay/neuter surgeries per day. At the end of surgery days, each cage/kennel must be cleaned and disinfected to welcome the next day's patients. We rely on our superstar volunteers to clean and disinfect our surgery cages/kennels.

**As a Cage Cleaner, you will:**

- Clean and disinfect all cat cages and small dog kennels.
- Sweep and mop the cat and small dog surgery recovery rooms.
- If time allows, help with laundry.

**Requirements:**

- Must be 13 years or older and accompanied by an adult if under 18.
- Must be able to stand and kneel continuously for two hours.

**Required Training:**

- New volunteer orientation.
- Train with current cage cleaner on first night.

**Schedule:**

- Commit to two hours per week on the same day.
- Monday, Tuesday, Wednesday and Thursday from 4:30 p.m. - 6:30 p.m. or 5 p.m. - 7 p.m.

**Dress Code:** Volunteers are expected to wear sensible attire while volunteering. This includes closed-toed shoes; such as tennis shoes, and clothing that can be easily laundered.

**Support:** In addition to the above training, our surgery team members will be available to answer questions. Christie Ruark, Outreach and Volunteer Coordinator, will be another contact for volunteers.
